# About Our Predictor

Everything you need to know about our MHT CET College Predictor tool, how it works, and how to make best use of it for Maharashtra Engineering & Pharmacy admissions 2026.

## Why Our Predictor Is The Most Accurate

Our algorithm uses **official DTE Maharashtra CAP Round cutoff data** — not estimates or crowdsourced guesses.

- ✓ Real CAP Round 1, 2, 3 & 4 cutoffs from official DTE Maharashtra records
- ✓ All 10+ categories: OBC, SC, ST, VJ/DT, NT-B/C/D, SEBC/Maratha, SBC, OPEN
- ✓ EWS, TFWS, PWD, Defence Ward, Orphan & Minority quota eligibility automatically computed
- ✓ Home University (HU), Other University (OU) and All India seat types
- ✓ District-wise Home/Outside analysis for inter-district candidates

- ✓ Average cutoff across rounds for identifying historically safe seats
- ✓ 100% free — no login, no SMS OTP, no payment

## Key Features

### Official Data

All cutoffs sourced from DTE Maharashtra and CET Cell official merit lists. Updated after every CAP round. No estimates — only real data.

### Completely Free

No registration. No login. No OTP. No payment. Every Maharashtra student deserves accurate college prediction data without a paywall.

### Instant Results

Results appear in seconds. Filter by name, branch, or district. Sort by any round cutoff. Paginate smoothly through hundreds of results.

### Mobile Friendly

Fully optimised for smartphones. Mobile view shows college, branch, quota and average cutoff at a glance — expand for full round-wise details.

### Engineering & Pharmacy

Covers BE/B.Tech Engineering and B.Pharm / D.Pharm Pharmacy programs across all approved Maharashtra universities.

### District-wise Prediction

Your 12th district determines Home University (HU) and Outside University (OU) eligibility. Our predictor accounts for this automatically.

## How to Read Results

### College + District

Institution name, location district, and affiliating university. Each row is a unique college + branch + quota combination.

### Branch Name

The specific course — e.g. Computer Science & Engineering, Mechanical, Civil, Electronics & Telecommunication, etc.

### Quota / Seat Type

The reservation bucket — e.g. `GOBC`, `GSC`, `OPEN`, `GEWS`, `GTFWS`, `AI`. Each row = one seat pool.

### Round-wise Cutoffs

Each round column shows the last admitted student's percentile/rank for that CAP round. "—" means no data or seats filled earlier.

### Average Cutoff

Average across available rounds — sorted ascending by default so safest/most accessible colleges appear first.

### Prediction Logic

Percentile mode: your score ≥ cutoff = eligible. Rank mode: your rank ≤ cutoff = eligible. Look for seats where your score exceeds the average by a margin for safety.

## Maharashtra Reservation Categories

| CODE | FULL NAME | मराठी | CAP QUOTA CODES | NOTES |
